What is SingleStop USA?

SingleStop USA is a revolutionary initiative to slash poverty nationally with an approach that is simple, effective and ultimately paradigm-shifting.

SingleStop bridges the information gap separating low-income families from life-changing public benefits, tax credits and other essential services that remain untapped and inaccessible. These basic resources—food, health insurance, child care and tax refunds—increase the likelihood that families are healthy and stable, with parents who work and children who attend school.

SingleStop USA is the ambitious nationwide expansion of SingleStop NY, a remarkably successful program launched by the Robin Hood Foundation to connect the working poor in New York with government funds and services intended for them.

Incorporated as a non-profit in March, 2007, SingleStop USA encompasses the existing New York program, as well new efforts throughout the country. In its first five years, SingleStop USA will deliver $2 billion in benefits to up to a million households.

These efforts change the way America combats poverty by focusing on prevention rather than intervention. Benefits provide a cushion against the small setbacks—sick child, car trouble, temporary job loss—that can become catastrophes in the lives of the working poor.
Welcome to myBenefits!

myBenefits is a quick and easy way for people in New York State to find answers to questions about New York State's programs and services. Please click on a picture below to begin.
