Dear Directors/Program Coordinators of NYSED-funded Adult Education Programs,

NY State of Health and the New York State Education Department are partnering once again this year, to ensure those enrolled in Adult Career & Continuing Education Services have access to affordable health coverage.

- The Essential Plan for lower income individuals and families

Enrollment is open all year for the Essential Plan, Medicaid and Child Health Plus. We encourage you to share the informational rack card that is included with individuals enrolled in any of the New York State Education Department's programs so they can learn more about NY State of Health.
