

Lesson 44: Quiz 1 - Changing Percents Into Fractions

Directions: Change these **percents** into fractions in lowest terms.

The first few are done for you.

$$10\% = \frac{10}{100} = \frac{1}{10}$$

$$4\% = \frac{4}{100} = \frac{1}{25}$$

$$17\% = \frac{17}{100}$$

Note: Answers are written with a diagonal slash /: 1/10, 1/25, 17/100

1) 75% = _____

2) 80% = _____

3) 50% = _____

4) 8% = _____

5) 70% = _____

6) 40% = _____

7) 59% = _____

8) 15% = _____

9) 5% = _____
