

USING GRADED READER'S PASSAGES

The Graded Reader's Passages appear in a separate section at the end of this book. There are two sets of passages, elementary and secondary/adult, with each set having an A and B form. The elementary reader passages were developed for children in the elementary grades in or near the grade-level designations spanning preprimer through eighth grade. Those passages written for secondary students/adults span levels preprimer through grade 12. **Regardless of designation, select passages best suited for your students.**

The examiner's copies are intended for duplication and are included on the DVD that accompanies this book.

	<i>Elementary A</i>	<i>Elementary B</i>	<i>Secondary A</i>	<i>Secondary B</i>
